Welcome to

Python Flask: Web Development Basics to Machine Learning Deployment
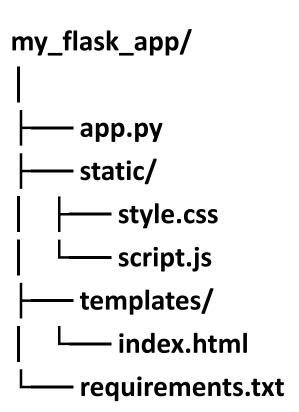

By Md. Azizul Hakim
Lecturer in Daffodil International University

Flask

- **app.py:** Main application file.
- **templates/:** Contains HTML files for the app.
- **static/:** Stores static files like CSS, JavaScript, and images.

```
my_flask_app/
│
├──── app.py
├──── static/
│       ├──── style.css
│       └──── script.js
├──── templates/
│       └──── index.html
└──── requirements.txt
```

Thank You
